

THE SCIENCE FAIR IS COMING!!!

January 17, 2012

Dear Staff and Parents:

The St. Cyril Science Fair is coming! The kids have been working so hard on their projects and the projects are looking fantastic. What better way to view all of this year's entries than to volunteer to judge or help tally scores?

The Science Fair will be February 13th through the 15th. **We are looking for volunteers for project judging and score tallying during the judging day, February 13th.** Volunteer hours will be **8:00AM until approximately 5:30 PM.** **You may choose to participate the whole day or part of the day in 3 to 4 hour shifts.** As added incentive, delicious treats will be provided to the volunteers!

Ideally project judges will have familiarity with the scientific method and a science background. No particular background is required for score tallying. If you decide to join us for this great event, please fill out and return the bottom portion of this letter in your child's School Express.

Many thanks in advance for your time! We look forward to working with you.

Best Regards,

Kimberly and Costi Sabalos
