# FUND-A-YARD

Spring 2025

## What is Fund-A-Yard?

The Fund-a-Yard project aims to enhance our school's safety by raising funds for new fencing and other security upgrades. These improvements, including visible barriers, cameras for better monitoring, and trained staff, will provide multiple layers of protection, creating a secure environment where students can focus on their academic and spiritual growth.

## What type of fence was chosen and why?

We've chosen an anti-scalable wrought iron fence for better visibility and deterrence against intruders. Its open design and anti-scalable features like curves or sharp points make it harder to climb. Wrought iron is also easier to maintain and repair. Refer to guidelines from the New Hampshire Department of Safety, FEMA, and the Arizona School Facilities Board for more information on its use for school security.

## When will the project begin?

Phase 1 of the project, which includes the installation of the outer gate on Mountain View Avenue, will break ground in early spring. Our fundraising efforts begin today!

## How can I donate?

You can contribute to the Fund-a-Yard project by visiting [stcyril.com/fund-a-yard](http://stcyril.com/fund-a-yard). Our PALs board has kick-started the campaign with a \$20,000 donation, and we invite all families to join in supporting this important initiative. We will have naming opportunities for families on a plaque on Mountain View Ave entrance at the \$5,000, \$10,000 and \$20,000 levels.
